A Strong Heart

is assured by perfect digestion. Indigestion swells the stomach and puffs it up against the heart. This causes shortness of breath, palpitation of the heart and general weakness. Kodol Dyspepsia Cure cures indigestion, relieves the stomach, takes the strain off the heart and restores it to a full performance of its function naturally. Kodol increases the strength by enabling the stomach and digestive organs to digest, assimilate and appropriate to the blood and tissues all of the food nutriment. Tones the stomach and digestive organs. Sold by Moore & Ballow.

Do you want a sound liver, vigorous digestion, strong healthy kidneys, regularity in the bowels? Take Prickly Ash Bitters. It has the medical properties that will produce this result.

THE JAPANESE AGAIN VICTORIOUS

Five Infantry Battalions and Two Cavalry Regiments Defeated.

London, June 28.—A dispatch received at the Japanese legation from Tokio, says:
Takushan army occupied Feau Choni Leng, thirteen miles northwest of Siu Yeng, June 27, after six hours hard fighting. The Japanese losses are estimated at 100.
The Russian force, which consisted of five battalions of infantry and two regiments of cavalry, with sixteen field guns, fled in disorder toward Tumo Ching.

ANNOUNCED FROM
Tokio, June 28.—After a day of fighting, which lasted for six hours, the Japanese completely defeated five Russian infantry, and by two regiments of cavalry, and six machine guns, and one hundred and twenty-seven of Siu Yen.

The Russians finally fell back in the direction of Shi Mu Ching.
The Japanese casualties aggregated 100 killed and wounded.
Major Coa was killed during the battle.

RUSSIAN BATTLESHIP WRECKED.
London, June 28.—A dispatch from Tokio to the Central News Agency says it is reported that another Russian battleship has been discovered stranded off Tiger Rick. It is presumed she was wrecked while returning to Port Arthur, after the recent naval engagement.

THE VLADIVOSTOK SQUADRON.
Tokio, June 28.—An unconfirmed report has been received from the island of Hokkaido, that ships resembling the Russian Vladivostok squadron had appeared off the coast on June 27. Similar reports have been received from other places along the northern coast of Japan. The navy office does not give any credence to these reports.

DEMOCRATIC CALL

For Anderson County Primary and Precinct Conventions.

By virtue of the power vested in me as Chairman of the Democratic Executive Committee, I hereby call a primary convention to meet at each voting precinct in said county, at 3 o'clock p. m., on the 9th day of July, 1904, for the purpose of selecting delegates to the County Convention, to be held on July 16th, 1904, and for such other business as may properly come before said precinct conventions. And hereby call a Democratic county convention to assemble at the court house in Palestine, Texas, on the 16th day of July, 1904, at 10 o'clock a. m., for the purpose of adopting a platform and resolutions, the selection of delegates to the various state and district conventions, and for such other business as may properly come before said county convention. We trust that every voting precinct in the county will hold conventions on the date above named, and will select delegates that will obligate themselves to attend the county convention, and represent the interest of their respective voting boxes.

Very respectfully,
W. C. CAMPBELL,
Ch'm. Dem. Ex. Com. Anderson Co.

Cotton Shows Up Well

Washington, June 28.—The government bureau for the week says:

In most of the districts east of the Mississippi river cotton has not made a rapid growth, and is generally small, although healthy and well cultivated. Good growth, however, is reported from Mississippi and a portion of Alabama, and while here are increasing in the last named state, they are less numerous in Mississippi and South Carolina. West of the Mississippi the advance of the crop has been more rapid, a good growth being generally reported, and while some fields are foul in portions of Texas, Arkansas and Louisiana, the crop is generally well cultivated.

The boll weevils are more numerous in the southwestern, central, eastern and coast districts.
Cotton in Texas continues to make rapid growth and the plants are fruiting nicely. There is some complaint of foul fields, but the crop is generally in a fair state of cultivation. Boll weevil continue to increase in numbers in the southwestern, central, eastern and coast divisions and are doing damage in nearly all localities where present.

WHOLE ARMY WAS TRAPPED

Tokio is Wild With Excitement Over News From Front.

Tokio, June 28.—It is semi-officially announced here that the Japanese have gained a sweeping victory in Manchuri, practically crushing the Russian army and cutting off the retreat of a considerable portion of it at Hai Cheng, while it is regarded as probable from the latest advices from the front that Kuroki has taken Liao Yang and entrapped pretty nearly the whole of the Russian army. The news has caused the greatest excitement here on official confirmation and details of what is regarded as the decisive battle of the campaign.

The reports, which are from apparently reliable sources, indicate that Gens. Oku and Nodzu moved on the Russians between Kai Chou and Ta Chi Kiao, who had been heavily reinforced. The Russians were taken in front and on the left flank and while they made a determined resistance, were unable to withstand the Japanese assaults.

JAPANESE SPIES ARRESTED.

Navarra, Russia, June 28.—Two Japanese masquerading as itinerant organ grinders and attired in Bulgarian costumes were arrested here yesterday. Their organ was searched and found to contain maps of the Baltic coast line and surveying instruments. The prisoners confessed.

It is believed one of them is a colonel of the Japanese general staff, and the other is his orderly. Both men were sent to St. Petersburg.

Notice.

Notice is hereby given that the primary election for the selection for nominees of the democratic party for the various state, county, district and judicial offices will be held in Anderson county, Texas, on Saturday, July 9th, 1904, at the various voting precincts in said county, as follows:

- In voting precinct No. 1, at Court House.
- No. 2, at City Hall.
- No. 3, at Oil Mill.
- No. 4, at Fire House, in Palestine.
- No. 5, at Tucker.
- No. 6, at Elkhart.
- No. 7, at Denson Springs.
- No. 8, at Alder Branch.
- No. 9, at Wyse Mill.
- No. 10, at Neches.
- No. 11, at Watt's School House.
- No. 12, at Frankston.
- No. 13, at Fosterville.
- No. 14, at Bushy Creek.
- No. 15, at Elmtown.
- No. 16, at Concord.
- No. 17, at Montalba.
- No. 18, at Blackfoot.
- No. 19, at Bradford.
- No. 20, at Price.
- No. 21, at Cayuga.
- No. 22, at Tennessee Colony.

And notice is also given that second primary election will be held by the democratic party in said county on July 30th, 1904, to select nominees for the various offices in said county, where a majority vote is not given any one candidate for said office at the primary election to be held on July 9th, as above.

CARDINAL SATOLLI, WHO IS NOW IN THIS COUNTRY on a visit to this country, was the first apostolic delegate to the United States. The cardinal's present visit is mainly for recreation and one of its pleasant features is the solemnization of the marriage of Miss Helen Philadelphia, to William Rigely, a young Washington lawyer.

A BIG FIGHT AT HAI CHENG

Believed that Decisive Battle is Being Waged at Hai Cheng.

Shan Kai Kwan, June 27—No doubt is felt here that the battle which is to decide this campaign in Manchuria, is now being fought at and below Hai Cheng. From New Chwang and Siu Min practically the same story comes of desperate fighting all the way from Kai Ping to Hai Cheng. From these reports it would appear that Stakelberg's corps has been cut off below Ta Tehe Kiao, and Kuropatkin with the bulk of his army has gone south from Hai Cheng to his relief. Kuroki has got in behind Kuropatkin at Hai Cheng and has also sent a force estimated at from 20,000 to 40,000 men against the weakened Russian garrison at Liao Yang.

HAI CHENG TAKEN.

Tokio, June 27.—It is reported on the streets here today that the Japanese have taken Hai Cheng after a desperate and bloody battle, and that the Russian army has been so badly beaten that it can not possibly take the offensive until next spring at the earliest. The war office will neither confirm nor deny the report, but admits that heavy fighting has been going on about Hai Cheng. It is believed by army men here that Kuropatkin with a considerable portion of his army has been completely hemmed in by Kuroki and Oku and news is confidently expected of his capture before many days have passed.

University of Texas.

The University of Texas is an institution in which the whole State takes a commendable pride. It has just celebrated its twenty-first commencement season, which was the most brilliant in its history. The attendance the past year was the largest ever enrolled. In its department of literature, science and arts, law, engineering, medicine and pharmacy, the very best training and equipment can be obtained. The cost is very low, as may be seen by reference to the University's advertisement in this issue.

There is no reason why the young men and women of Texas should go out of the State to obtain an education and we are glad to say the trend is no longer in that direction. It will be of interest to our readers to learn that 1355 students were in attendance upon the University during the last scholastic year, of which number 837 were in the main University at Austin. Of this last named number 633 are native Texans. As an evidence of the fact that all classes and conditions of our people appreciate the value of an education for their children, 55 different trades and occupations were represented by the parents and guardians of these 837 students. One hundred and thirty-four different counties of the State were represented by one or more students. Of the above mentioned 837 students, who answered the question of the matriculation card which asks for their church affiliation or preferences, 128 gave no preference. The remaining 709 are distributed as follows: Methodists 230; Baptists 133; Presbyterians 122; Episcopalians 80; Christians 67; Jewish 21; Catholics 20; Cumberland Presbyterian 13; Lutherans 11; Unitarians 5; Congregationalists 4; Christian Scientists 2; Universalists 1.

If any of our readers are interested in the work of the University, let them write for a catalogue to Wilson Williams, Registrar, Austin.

The Herald will furnish any candidate a good half tone likeness, from photograph, for \$1.00. Suitable for printing on cards, etc.

STREET PREY BEATS HIS

Steals His Baggage Boarding House

From Tuesday's Daily.
For several days past, a man, claiming to be under the auspices of the Workers' Association of giving his name as W. E. been preaching on the streets. He played a guitar and took up a collection.

Monday he skipped, leaving his bill unpaid. He was stopped by Linson's boarding house, and up a board bill to the amount of \$1.00. Early yesterday morning the man and his guitar and baggage had disappeared. Mrs. Linson appealed to the boarders, and they went out for the man. They succeeded in finding him, and he assured them either get the money or leave the boarders. The boarders watched the man, and saw him board none of the street cars. A negro put the baggage on a southbound train yesterday at Galveston, but the man did not show up. It is learned later that he got a pass on the railroad for Galveston, and his supposition is he caught the train, and the lower part of the board bill is unpaid. The man is gone, and the board bill is unpaid.

WHAT IS CATARRH?

Hyomei Only Guaranteed Cure For this Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane and effectually drives this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the throat, bronchial tubes or tissues of the lungs:

Offensive breath, dryness of nose, pain across the eyes, pain in back of the head, tendency to take cold, burning pain in the throat, hawking to clear the throat, pain in the chest, a cough, stitch in side, loss of flesh, variable appetite, low spirited at times, raising of frothy mucus, expectorating yellow matter, difficulty in breathing, frequent sneezing, huskiness of voice, discharge from the nose, stoppage of the nose at night, itching of the body, dropping in the throat, mouth open while sleeping, tickling back of the palate, formation of crusts in the nose, dryness of the throat in the morning, loss of strength, spasms of coughing, cough short and hacking, cough worse nights and mornings, loss in vital force, a feeling of tightness across the upper part of the chest.

Hyomei will destroy activity of all catarrhal germs in the respiratory organs and in a few weeks the cure will be complete.

This is a strong statement, but Bratton Drug Co. emphasizes it by agreeing to refund your money if Hyomei does not cure.
